Relevant Coursework: DataCamp certificates in Python, NumPy, Git/GitHub, statistics, and Excel data visualization

## EXPERIENCE

**AI-Assisted Product Builder** — June 2026 – Present
*Investment Growth Calculator Platform* — *Boston, MA / Remote*
- Built an AI-assisted investment planning web app modeling compound growth, recurring contributions, and projected portfolio outcomes across three investment scenarios

**Data Analyst (Academic Project)** — September 2026 – October 2026
*Health vs. Price (BA780 Team Project)* — *Boston, MA*
- Co-analyzed 988,445 U.S. packaged-food records, matching 5,752 products to shelf prices; healthier items averaged 17% less per 100 g within food groups in the priced sample

**Founder** — April 2026 – July 2026
*Mochilune* — *Taiwan / Remote*
- Founded and self-funded a fragrance brand; conducted market research, pricing analysis, and manufacturer sourcing in Taiwan, then paused at the customer validation stage, capping spend at $3,000 of a $10,000 budget

**Assistant Manager** — August 2020 – May 2021
*Sukiya* — *Taipei, Taiwan*
- Directed staffing and order flow during peak service for approximately 400 customers daily, reconciled over NT$70,000 in cash receipts, and trained three new employees on service procedures and operational standards

## ACTIVITIES & LEADERSHIP

**Chinese Club, Utah Valley University** — January 2022 - May 2025
*President and Chinese Teaching Assistant*
- Founded and grew a multicultural student organization from 21 to 264 members, planning and executing 2-4 monthly events within a $250 budget across programming, promotion, and vendor coordination; explained language and cultural concepts to students across varying proficiency levels, adapting instruction to individual learning needs while supporting four course sections

**Asian Night Market** — November 2019
*Lead Organizer*
- Led a four-person team to plan and execute a night market that drew approximately 600 attendees and eight vendors, overseeing vendor recruitment, on-site logistics, promotion, and contingency planning
